

PR25 | Pearl Safe

Roomy and User-Friendly

The pearl safe is designed with a user-friendly keypad. This is our most simplified version of a keypad for those guests that only prefer to enter a 3-6 digit code. This safe is designed to fit a standard size 17" laptop, so it is spacious enough to hold any traveler's important belongings.

The PR25 is equipped with an emergency code and override key. Available in cream or black.
